 - Saturday 16th March – Prizegiving 11am
 - Prizegiving will be on the final day of Diversity Stage performances.
3. All groups must report to the backstage entry gate no later than 30 minutes prior to their performance time. **Groups must be accompanied by the TIC (with lanyard) in order to enter backstage area. After entering the backstage area, students are to remain backstage until after their performance has finished.**
4. Stage and changing tents are for **performers and tutors** only. Any other adult that is necessary to assist backstage must be included in total numbers on the group lanyard carried by the TIC. Marshals will be directing you to your tents. Each school is responsible for cleaning their changing tents before exiting the area.
5. Repeating songs and items from previous year(s) by the same school is not encouraged.
6. Permission must be obtained before performing/using the compositions of other artist(s) and appropriate acknowledgements must be made on the Profile Sheet.
7. Dance performances are to be **5, 10 or 15 minutes** in duration only (this does not include entry and exit). **Music times and performances are to be within 30 seconds of selected performance duration.**
8. Each performance must be introduced by a student/s and should include information pertinent to the theme as this will be used to assist with judging the “Theme” aspect of the group’s score. The introduction is to be up to 1 minute in length only.
9. Each group has up to 2 minutes time to enter and set up on the stage (or side stage if entering from the side) before the music is started. This time includes the student introduction.
10. Each group has up to 2 minutes to exit the stage before the MC welcomes the next group.

11. Each school may only enter **ONE cultural performance, per culture** on the Diversity Stage (i.e. one Chinese, one Fijian, etc). There are no limits to the number of groups that a school may enter provided that each group is representing a **different culture**. Fusion groups that combine more than one culture are allowed, but each culture must be named on the profile sheet.
12. Please be specific as to the culture/country that is being represented. For example, Zambian dance instead of African, or Iraqi dance rather than Middle Eastern.
13. Performances are to be cultural dance and focus on traditional/folk movements.

Media and Filming

1. Mobile phones and cameras are not to be used for photography or filming backstage unless permission is granted by Stage Coordinators, Marshals or Admin staff.
2. There is to be **NO FILMING** of performances at this event unless you have a school media filming pass (make sure this is visible at all times). Any filming with no valid pass will be asked to pack down and/or removed from the Diversity stage area with a warning. Schools must make this information clear to students, parents and families attending the event.
3. School filming is to be done in allocated area (if this is able to be provided) and will be monitored by marshals and/or security.
4. Stage filming by a professional service provider or media company **may** take place; therefore, school groups are required to give permission on profile sheets whether filming for their school may take place.

Profile Sheets and Music

1. ALL profile sheets and music are due by 2pm, Thursday 28th February 2019.
2. Music must be in a high quality format (WAV, AIFF, DSD or M4A are the accepted formats) and shared on google drive with the Stage Coordinators on asbpolyfestdiversity@gmail.com.
3. If you prefer not to use google drive your USB must be handed directly to the Stage Coordinators at the second stage meeting (Thursday 14th February). The USB will not be returned.
4. Please label the music track with your **school name and group**. All music will be kept confidential.
5. Please bring a spare copy of the music to the event on a phone or USB, which must still be in a high quality format (not MP3).
6. Profile sheets must include a paragraph about the dance. Students from the performing group must write this paragraph (not the teacher/tutor). The paragraph should include information about how the theme is interpreted, as the content of this paragraph will be included to assist in determining the group's "Theme" score.
7. Entry passes for your group must be collected and signed for by your school **Cultural Group Coordinator**. This will only be granted if the profile sheet and music has been received.
8. Do not personally approach the sound technician at the festival event, instead speak to Stage Coordinators, Marshals or Admin staff.
